HARDY Fall Flowering CHRYSANTHEMUMS

ALL ARE EARLY BLOOMING

These beautiful hardy chrysanthemums will begin to bloom in early fall and provide a wealth of gorgeous color after other plants have finished flowering. All are hardy, easy to grow and are of the best varieties offered by any grower. We are offering all nice clumps with runners attached.

These are heavy, field-grown plants for fall shipment.

ALLEGRO — Very lovely, double flowers in an unusual blend, glowing shrimp pink suffused with coppery salmon. Late blooming.

15c each

AMBER GLOW — Brilliant rosy-bronze shade, brighter than Mrs. duPont. Double flowers, late blooming.

15c each

AUTUMN LIGHTS — Masses of lovely semi-double flowers. Brilliant bronzy orange. Early blooming.

12c each

ALGONQUIN — Showy clear yellow, double flowers. Dwarf, spready habit. Bloom in September.

12c each

CHRIS COLUMBUS — New, outstanding ivory-white. Large, double blooms from late September on; excellent for cutting.

15c each

CANDLELIGHT — Well-formed, double flowers of ivory-white. Excellent plant and foliage habits. Blooms late August.

15c each

EARLY WONDER — New, large, soft-pink pompon type. Produces an abundance of double flowers from late September on; excellent for cutting.

12c each

HEATHERBLOOM — Large, fully double flowers in an outstanding color; heather-pink, center shaded rose-red with gold tips.

15c each

JACKIE — A rich wine-red. Blooms late, but will always come into bloom after it has been severely frosted.

12c each

MISS LACE — True light pink. Three-inch blooms on strong upright stems; 30 inches high. Blooms in September.

15c each

MURMURS — Opens amaranth-pink, fading slowly to clear mallow-purple. Double flowers with broad, incurved petals. Height 22 inches. Blooms early September.

15c each

POLAR ICE — Clear ice-white, large, double blooms from early September on. Plants are very free-flowing, producing large 3-inch flowers.

15c each

RED VELVET — An outstanding velvety-crimson. Fully double blooms, fine healthy foliage; one of the best of all crimson 'mums.

15c each

SIENNA — Dark reddish-orange, toned burnt-sienna brown. A heavy textured, long-lasting flower, fully double. Blooms mid-September.

15c each

SILVER TIP — Bright carmine, with the tip of each petal silvery white. These large, fully double blooms present a charming color combination.

12c each

SUCCESSOR — We are introducing this variety this fall, after testing it at our nursery for several years. The color is a silver lavender, resembling Lavender Lady, however it is very hardy and we believe that it will replace Lavender Lady when it is better known. **25c each**

TWILIGHT — Large, double flowers in a pleasing shade of fuchsia-purple with silvery reflex; one of the newer varieties. Vigorous, free-flowering. **15c each**

WYCHWOOD — Considered one of the best yellows. Flowers are fully double, dome-shaped; a rich clear canary-yellow, slightly deeper near center. **20c each**

ZANTHA — Large, double ball-shaped flowers of a clear, canary-yellow shade. Blooms freely over a long period from early September until late frost. **15c each**

New Outstanding Pompons

JEWELRY — A lovely deep pink pompon. The flowers are well formed and hold their color after several frosts. Very hardy. Blooms in October. **15c each**

ROSITA — Enchanting little button-pompon flowers of a light Persian-rose shade. Bushy plants are completely covered with pretty "pink buttons." **15c each**

RUBY POMPON — An exciting ruby-crimson pompon. Masses of brilliant colored blooms literally smother the plants from early October on. **12c each**

WHITE WONDER — The perfect white pompon. Exquisite ball-shaped blossoms are a soft creamy-white; very free-flowering and vigorous. **15c each**

CUSHION 'MUMS

Dwarf in height, hardy, colorful and the most prolific bloomers we know of among plants. Begin blooming in July and each plant produces actually hundreds of buds and flowers from then on until the last fall freezes. Unexcelled for borders or for planting in front of shrubs or evergreens. Showy and beautiful in mass plantings. One plant alone is a small flower garden in itself!

RED CUSHION — A dwarf plant literally covered with double deep bronzy red colored flowers. Good compact growth habit. **12c each**

BLACK VELVET — Rich dark red. A seedling of RED VELVET; height 12 inches. Blooms in mid-October. **18c each**

CAMILLA — A new, rich cherry red. One of our introductions. **15c each**

CORAL SEA — An outstanding color, salmon-buff suffused with coppery-rose. Ideal for low borders and rock garden. **15c each**

DEAN KAY (Pink) — Beautiful rose-pink, semi-double flowers. Blooms mid-summer to hard frost. Best for cold states. **12c each**

JOAN HELEN — Sparkling garnet-red shading to purple; bright yellow center. Masses of beautiful blooms almost completely hide the foliage. **15c each**

MAJOR CUSHION — One of the best cushion types. Bears masses of delicate pink blossoms. Very colorful. **12c each**

ORCHID HELEN — One of the most prolific lavender pink 'mums in existence. This is the result of a cross of which Joan Helen was the seed parent. It carries all of the desirable qualities of Joan Helen; a low clean compact plant. The flowers, unlike Joan Helen, are fully double and burst into bloom all at once. **15c each**

QUEEN CUSHION — A particularly charming color, pure white. Dwarf, spready plants; very hardy and early. **15c each**

SONJA — A new aster-flowered cushion 'mum; produces masses of lovely purple blooms. Ideal for low border. Very hardy. **15c each**

"Plants are normally shipped express. If parcel post is desired add 10% to the amount of the order."

ENGLISH 'MUMS

ALABASTER—An early white of large size and good substance; petals slightly incurved. Blooms will grow 5 inches across if disbudded. **15c each**

ALFRETON BEAUTY—Really a beauty! A large reflexing flower of gorgeous amber with gold reverse. Blooms in October. **25c each**

BRONZE EARLY BUTTERCUP—Rich deep bronze with golden buff reverse. One of the very finest bronze English 'mums. Should be disbudded to a dozen buds to the plant for best results. **15c each**

COPELAND'S COPPER—Blossoms are soft copper-bronze. A perfect fall color. One of the best English type 'mums. **25c each**

CERISE—Lovely spray variety that grows on wiry stems; a striking rosy-cerise shade with quilled petals. **20c each**

CHINA GOLD—Double flowers of bright golden bronze with quilled petals; remarkably attractive. Blooms later than some. **15c each**

COPPELIA—Striking Indian-red or ripe tomato color. Flowers are double, of good form and substance. **15c each**

CRUSADER—An immense white, slightly overlaid with pink. Tall, straight stiff stems; large blooms; brushed pink on the tips. **25c each**

ELDORADO—Large blooms, measuring 5 inches across, are a most charming yellow shade. Very free-flowering; should be disbudded for best results. **15c each**

GEO. McLEOD—An outstanding deep golden yellow. Well-formed blooms with incurved petals. Should be disbudded. **15c each**

JEAN HARLOW—Large, double blooms of semi-incurved form. Beautiful bright golden-yellow color. **20c each**

LEDA—Gorgeous rolled petals of heliotrope-pink. Flowers are 6 inches across if disbudded. We consider this one of the finest of the English strain. **15c each**

MRS. T. GUTHRIE—A very large, chestnut-red with bronze reverse, broad reflexing petals. Will make a 6-inch bloom if disbudded. **15c each**

SALMON FREDA—A beautiful salmon-pink. Large, well-formed blooms come along during September. **15c each**

TRIXIE—Large, shapely flowers of a delightful salmon-pink shade. Plants are extremely hardy, strong growers and produce blooms in great profusion. **20c each**

TOLCROSS PINK—Large solid, double flowers of rose-pink. Considered the best English pink. Height 26 inches. Blooms mid-October. **20c each**

The Popular Spoon 'Mums

An interesting and unusual new type of hardy Chrysanthemum which deserves a place in every 'mum planting. Their unique appearance and brilliant color combinations will add a note of "delightful novelty" to your garden. The individual flower petals are quilled or tubular for most of their length, flattening out near the tip so that each petal resembles a tiny spoon. Plants are hardy and vigorous growers. Bear a profusion of blooms during late fall.

15c each

We offer the following varieties—

WHITE SPOON

YELLOW SPOON

September Series 'Mums

SEPT. BRONZE—One of the most colorful of the early 'mums; loads of lovely little pompon-shaped flowers in the warmest bronze tints, from mid-September to latest frosts. **15c each**

SEPT. SUNSHINE—Brilliant yellow blooms completely cover-compact, well rounded plants from mid-September until frost. Very free-flowering. Fine for low border and cutting. **15c each**

DELPHINIUM

(PERENNIAL LARKSPUR)

Here is one of the best loved and most popular of the world's perennials. New introductions have widened the colors available and have produced better growth and blooms. Our reputation has been founded on the high quality of the delphiniums we grow.

Pacific Hybrid

Famous Vetterle and Reinelt

DELPHINIUM

This elegant strain of Delphinium is almost beyond description. Flower spikes 3 to 5 feet long, closely packed with individual flowers from 2 to 3 inches across; many are double, semi-double, some single. The plants are resistant to mildew and stems are wiry and strong enough to resist high winds. These are strong, well-rooted plants from seed sown last May. Will bloom in June and July.

YOUNG PACIFIC HYBRIDS

Due to weather conditions our regular sowing of Delphinium seed was a partial failure, far short of our normal needs. However, in order not to disappoint our customers, we have made a July sowing of new crop seed which is excellent. The plants, of course, will be smaller but we are offering them at a lower price. When ordering them please specify young plants to avoid confusion with our regular size.

BLACK KNIGHT—Darkest royal violet.
BLUE BIRD—Clear medium blue with white bee.
BLUE JAY—Medium to dark blue with darker bee.
CAMELIARD—Clear soft lavender. White bee.

RICHARDS FIELD GROWN
HARDY PHLOX

**BEST OF AMERICA'S FAVORITE VARIETIES
 COLORFUL NEW INTRODUCTIONS
 WILL BLOOM NEXT SUMMER**

No flower will lend more color and beauty to the perennial garden than a mass planting of Hardy Phlox. They thrive under average conditions; bloom freely over a long period of time and are equally satisfactory when used in beds or borders. We are growers of Phlox and have an unusually fine assortment of field grown plants. These are one-year plants, the best size for transplanting. All are well rooted and have bloomed in our fields, so we know they are all true-to-name. Phlox will start blooming early in July and continue through August into September.

AETNA—Excellent new variety which is highly resistant to rust. Superb deep scarlet color. Tall, strong grower.

AFRICA—The favorite deep red. Vigorous grower; produces an abundance of well-shaped flower heads.

BORDER QUEEN—A somewhat low-growing variety which carries massive flower heads of deep watermelon pink. Individual florets are unusually large.

Prices on the 3 varieties listed above:

100 of one variety **\$12.00**; 50 of one variety **\$6.00**
 25 of one variety **\$ 3.25**; 10 of one variety **\$1.30**

CHARLES CURTIS—Brilliant cherry-red. The color is outstanding and makes a very showy display in the garden.

DAILY SKETCH—Extra large flowers of light pink with carmine eye. Vigorous grower.

LEO SCHLAGETER—One of the brightest and flashiest of all red Phlox. Sturdy grower; very free flowering.

Prices on the 3 varieties listed above:
